

### Painting and Celebrating Chinese New Year

We have been celebrating Chinese New Year by doing different craft activities. Butterflies learned about different ways of writing, patterns and symbols to express creativity. They have discussed the painting and explored the meaning of the activity.

Learning area: fine motor skills, eye-hand co-ordination, expressive language

### Group time:

During our group time, we read books about Chinese culture and New Year and watched dragon dance. Children gained knowledge about Chinese culture and different ways of celebrations.

Learning area: communication skill, listening skill, expressive language
