

18- 3-27

The weather is changing please make sure your child is wearing warm clothes in the morning. Educators will take them off when it gets warm in the afternoon.

Collage

Caterpillars started making craft. We made Easter baskets for our Easter egg hunt. Children decorated our baskets with glue, feathers and decorated papers.

Or, Ma, Jo, Al and Ms T sat in a circle to build a road together. The children shared the blocks among themselves and helped each other to fit the block appropriately.

Na played with sand. He tipped the sand on the floor, then he used his finger tips to pinch the sand to feel it.

Group time

We sang with musical instruments. The children had a great time singing and playing the instruments. We used posters to learn numbers and our body parts.
