

18-4-17

Beautiful sunny day. Caterpillars spent some time this morning with the butterflies before transitioned to caterpillar's room. *Ma* joined the rest of the butterflies group to used recycle materials to create a 3-dimensional collage. *Ma* glue cutup paper, wool, matchsticks materials on egg carton.

*Jo* made a self -portrait. Educators provided body part resources and encourage her to use thinking strategies to create her self- image.

Book reading was what *Sw*, *Ma* and *Or* enjoyed doing today. *Sw* pointed to the picture with her fingers and *Or* pretended to read.
