

18-5-1

The caterpillars had fun playing in the Caterpillars area and joining with the Butterflies in their outdoor area

Craft

Caterpillars have started making their Mother's Day cards. The children did drawings representing their "mother" with coloured textas. *Ms* / encourage individual children to draw circle for the head and then draw facial features eye, nose and mouth to complete their drawing.

Learning skills; sharing, fine motor, concentration, and language skills

Construction

Or, Ma and Al sat together to create and explore soft linking construction. *Or* connected four soft linking constructions to create a bird with head, arms and legs. They share the space, blocks and cooperated with each other. **Learning skills; creativity, cooperating with each other,**

Sand play

The children also explored sand pit. *Ka* placed funnel on a bottle filled the funnel with sand and observed the sand filling the bottle. *Jo* and *Ma* also filled the buckets and place them in the fridge. **Learning skills;** filling, sharing, science concepts re-space
