

Mother's Day celebration is approaching, and the children have been working hard making different things to mark this special day for their moms.

Craft; Teachers and the children have been making and decorating cards and pots for the Mother's Day. The children decorated the card and pots with flowers and assorted coloured harts. Learning skills; creativity, fine motor, coordination and concentration.

Construction

The children also spent time together constructing Lego blocks. *Al* created a big car, *Ka* made a police car and *Jo* also created car. *Na* enjoyed observing his creations. He arranged the animals on the table and then played with them.

Learning skills; pretend play, creativity, fine motors, share, and concentration.
