Sand play

Ma went to the sandpit and pretended to cook pasta as her favourite food. Al also filled all the containers presenting them as food and emptied them.

Craft

The caterpillars expressed items that they identified through their collage work & painting. Today Or, Al and Jo made their school with paddle pops. The children also chose and pasted their favourite things. (e.g. food, toys etc.)

Easel painting was another way Jo and Sw expressed their thought and feelings. Sw painted a bird.

Cars

Children shared their space, toys and played together.
