

18-9-7

It was great to be back with the caterpillars. Actively supporting them, engaging and initiating play with them.

We all welcome *E* into the caterpillar's group who started last week, and she is already enjoying making friends.

Since caterpillars group always join butterfly's group in the afternoon. It provides opportunity for them to learning new and challenging experiences which promote their learning.

Puzzle

E.g *Ma* was concentrating on solve world map puzzle experience. She also fully involved in using mobilo to create other things. The picture above displays how she was connecting mobilos together to create water holes.

Painting

E and *Si* used their creative and concentration skills to paint picture.

Balancing

E displays incredible balancing and coordination skills as she carefully walked on the stepping stones. **Learning skills**

Balancing, creativity, coordination, and concentration.
