Caterpillars Dairy

Construction

Combined group promotes children's learning and their confidence. *Js and Si* initiated play with alphabets Lego which encouraged their learning about letters, confidence, concentration coordination and social skills. *Av and Jo* both arranged the animals on the grass. *Av* picked a horse made a horse sound, and pretended the horse was eating the grass. Both also sat on the mat and built Lego together.

Craft

All the Caterpillars welcome *M* to into the group. She is settling well and participating with the experiences. Painting was fun which caterpillars enjoyed participating in every day. Exactly what *Jo, M and E* did, they sat and painted their beautiful paintings but refused to explain what they painted to educators. Likewise, *Jo* stood up to do his painting.

Ma and Js participated in making Chinese Lanterns. They drew pictures on the paper then *Ms I* supported them to cut the paper to make the lanterns. *Ma* was able to cut straight lines with her both hands to make her lantern. Educator supported *Js* to finish her lantern. *Ma* always shows support and kindness towards other children, she was talking to *Al* when she was sad.

Puzzles and sensory play

Caterpillars are developing confidence in all areas of learning. They have the opportunity to choose assorted and age appropriate puzzles to solve. *Ma and Si* went to the shelf, chose their own puzzle based on their interest and development and solved it.

M and Js used shovel and spade to fill the containers and empty them. *Si* filled the windmill and observed the sand moved.
